

*Join us for a month of programming centered around native plants of Maine and the vibrant and powerful pollinators that support them!*

## Botany Walk at Orris Falls

**Saturday, May 1 | 10am - noon | Great Works Regional Land Trust | Orris Falls**

Join Outreach Coordinator Brenna Crothers for her annual flower hunt at Orris Falls. A botany enthusiast, Brenna loves to share the many spring ephemerals that can be identified along the trails. Registration required: [info@gwrlt.org](mailto:info@gwrlt.org).

## "Know Your Land": Discussion of Traditional Indigenous Sustainability Practices

**Thursday, May 6 | 5pm - 6pm | York Land Trust & White Pine Programs | Online**

Join in on an evening discussion with Kathy Pollard and Ann Pollard-Ranco of Know Your Land Consulting on traditional Indigenous sustainability practices and philosophies. Register at [yorklandtrust.org](http://yorklandtrust.org).

## Gardening with Native Plants

**Friday, May 7 | 1pm - 2pm | York Land Trust | 1 Long Neck Marsh Road**

Join York Land Trust and a special guest from Pierson Nurseries in Biddeford to learn about techniques to support native plants in your garden. Register at [yorklandtrust.org](http://yorklandtrust.org).

## Native Plant Sale

**Saturday, May 8 | 10am - 2pm | York Land Trust | 1 Long Neck Marsh Road**

Looking to expand your garden this spring? Check out our Native Plant Sale! We'll have more than two dozen varieties of native shrubs, trees and perennials on sale, all provided by Pierson Nurseries in Biddeford.

## Family Nature Crafts

**Saturday, May 8 | 10am - 12pm | White Pine Programs | 170 Cider Hill Road**

Did you know that plants found right in our backyards provide wonderful materials for crafting and making natural dyes? Join White Pine staff as we fill the morning designing and constructing projects using native plants and natural materials. Register at [whitepineprograms.org](http://whitepineprograms.org).

## Pollinator Playdate

**Sunday, May 16 | 10am - 12pm | Center For Wildlife & Mt. A Conservation Program**

Join us to learn about our pollinator species and some simple actions we can take to help them. This program will start at the Center for Wildlife, then we'll take to the trails for a game and a hike! Open to all ages, easy-moderate hike. For more information and registration, visit [thecenterforwildlife.org](http://thecenterforwildlife.org)

## "Roots": Pollinators

**Wednesday, May 19 | 10:30am - 11:15am | Kittery Land Trust | 22 Stevenson Road**

Join the Kittery Land Trust to learn all about pollinators and how they help grow the food we eat! Open to ages 5 and under. We ask that a caregiver is present for each family that registers. Reserve your space by emailing [info@kitterylandtrust.org](mailto:info@kitterylandtrust.org).
